

Name of CV Event: Food & Nutrition Committee

Logistics: (Date, time, place, etc.) Meets monthly at various Edina schools

Interested in learning more about the food program that your child partakes in at Creek Valley? How do the other Edina schools compare? Would you like to see some changes? Then this is the place for you. The Food & Nutrition Committee meets monthly with representatives from each of the Edina schools. It's always interesting to visit with other Edina moms and dads from the other schools for perspectives on healthy eating (and not so healthy eating). The meetings are run by a representative from Sodexo (Food Services) although Jay Willemsen (Dir of Business Services Edina Schools) is the group leader. One can be as involved as one wants to be with this committee. There are plenty of ways to go MAD (make a difference) here, toward making our children's school lunches more appetizing and healthy!
